B. General Description

1. **General Statement** – The purpose of this contract between the Department and the Contractor is to provide programmatic support for the SHINE/SMP Program in the designated PSA. SMP is funded by a grant award from HHS and HHS. Through the SHINE/SMP Program, trained volunteers provide local outreach, education, and assistance to Medicare beneficiaries to protect them from the economic and health-related consequences associated with Medicare fraud, errors, and abuse. SMP is a trusted and expert source of information about Medicare fraud, errors, and abuse. Part of the SMP mission is to report health care fraud, errors, and abuse. When errors are suspected, SMPs guide beneficiaries in the process of correcting them; when fraud or abuse is suspected, SMPs refer complaints to the proper authority. However, SMPs do not investigate suspected fraud and abuse- that is the role of CMS, the OIG, and law enforcement.
2. **Authority** – The relevant federal and state authority governing the SMP program includes 42 United States Code (U.S.C.) § 1395b-4., Chapter 110, Part IV, Florida Statutes (F.S.), Section 430.07, F.S., and Catalog of Federal Domestic Assistance (CFDA) 93.048 ACL-CIP.
3. **Scope of Service** – The Contractor shall perform the services identified below in Section II. Manner of Service Provision within the designated PSA with no more than the contract amount specified, or as amended, for the period beginning June 1, 2026, and ending May 31, 2027.
4. **Major Program Goals** – The Contractor is responsible for the implementation of the primary program objectives as determined by the HHS and detailed in the Senior Medicare Patrol Projects Grant Application Announcement and Award.

C. Clients to be Served

The Department reserves the right to re-negotiate Fixed Fee, Unit Rate, and Cost Reimbursement amounts, minimum service performance measures, and total contractual funding. In no case will the Contractor be required to incur costs in excess of the contract amount in providing services to the clients.
4. **Clients Served** – This contract provides for direct services to clients. Special needs populations to be served include diverse or hard-to-reach populations of Medicare beneficiaries identified by the HHS for targeted outreach and services.

All data must be reported into the SIRS Database monthly. This includes data from the Beneficiary Contact Form and the Group and Media Outreach Forms (forms that the Contractor uses to track client contacts and public and media activity events. Both forms may be found on the SIRS Database). For purposes of monthly fixed fee payments and invoices, all monthly data must be submitted into SIRS before the last day of the reporting month. For overall program performance, HHS mandates that all monthly data shall be submitted by the end of the month following the close of the reporting month. For example, all June data must be entered into STARS and/or SIRS no later than July 31. The Contractor must complete an Attestation certifying completion of this deliverable monthly. Attestation is a component of the Monthly SMP Program Activity Report. Incomplete reporting will result in delays to invoice processing. INSTRUCTIONS FOR THE CIVIL RIGHTS COMPLIANCE CHECKLIST

1. Describe the geographic service area such as a district, county, city, or other locality. If the program/facility serves a specific target population such as adolescents, describe the target population. Also, define the type of service provided.
2. Enter the percent of the population served by race, sex, disability, and over the age of 40. The population served includes persons in the geographical area for which services are provided such as a city, county or other regional area. Population statistics can be obtained from local chambers of commerce, libraries, or any publication from the 1980 Census containing Florida population statistics. Include the source of your population statistics. (“Other” races include Asian/Pacific Islanders and American Indian/Alaskan Natives.)
3. Enter the total number of full-time staff and their percent by race, sex, disability, and over the age of 40. Include the effective date of your summary.
4. Enter the total number of clients who are enrolled, registered or currently served by the program or facility, and list their percent by race, sex, disability, and over the age of 40. Include the date that enrollment was counted.
 - a. Where there is a significant variation between the race, sex, or ethnic composition of the clients and their availability in the population, the program/facility has the responsibility to determine the reasons for such variation and take whatever action may be necessary to correct any discrimination. Some legitimate disparities may exist when programs are sanctioned to serve target populations such as elderly or disabled persons.
5. Enter the total number of advisory board members and their percent by race, sex, disability, and over the age of 40. If there is no advisory or governing board, leave this section blank.
6. Each recipient of federal financial assistance must have on file an assurance that the program will be conducted in compliance with all nondiscriminatory provisions as required in 45 CFR Part 80. This is usually a standard part of the contract language for DOEA Recipients and their Sub-grantees. 45 CFR § 80.4(a).
7. Is the race, sex, and national origin of the staff reflective of the general population? For example, if 10% of the population is Hispanic, is there a comparable percentage of Hispanic staff?
8. Do eligibility requirements unlawfully exclude persons in protected groups from the provision of services or employment? Evidence of such may be indicated in staff and client representation (Questions 3 and 4) and also through on-site record analysis of persons who applied but were denied services or employment. 45 CFR § 80.3(a) and 45 CFR § 80.1.
9. Participants or clients must be provided services such as medical, nursing, and dental care, laboratory services, physical and recreational therapies, counseling, and social services without regard to race, sex, color, national origin, religion, age, or disability. Courtesy titles, appointment scheduling, and accuracy of record keeping must be applied uniformly and without regard to race, sex, color, national origin, religion, age, or disability. Entrances, waiting rooms, reception areas, restrooms, and other facilities must also be equally available to all clients. 45 CFR § 80.3(b).
10. For in-patient services, residents must be assigned to rooms, wards, etc., without regard to race, color, national origin, or disability. Also, residents must not be asked whether they are willing to share accommodations with persons of a different race, color, national origin, or disability. 45 CFR § 80.3(a).
11. The program/facility and all services must be accessible to participants and applicants, including those persons who may not speak English. In geographic areas where a significant population of non-English speaking people live, program accessibility may include the employment of bilingual staff. In other areas, it is sufficient to have a policy or plan for service, such as a current list of names and telephone numbers of bilingual individuals who will assist in the provision of services. 45 CFR § 80.3(a).
12. Programs/facilities must make information regarding the nondiscriminatory provisions of Title VI available to their participants, beneficiaries, or any other interested parties. 45 CFR § 80.6(d). This should include information on their right to file a complaint of discrimination with either the Department or the U.S. Department of Health and Human Services. The information may be supplied verbally or in writing to every individual or may be supplied through the use of an equal opportunity policy poster displayed in a public area of the facility.
13. Report number of discrimination complaints filed against the program/facility. Indicate the basis (e.g. race, color, creed, sex, age, national origin, disability, and/or retaliation) and the issues involved (e.g. services or employment, placement,

Indicate the current status of the complaint (e.g. settled, no reasonable cause found, failure to conciliate, failure to cooperate, under review, etc.).

- 14.** The program/facility must be physically accessible to mobility, hearing, and sight-impaired individuals. Physical accessibility includes designated parking areas, curb cuts or level approaches, ramps, and adequate widths to entrances. The lobby, public telephone, restroom facilities, water fountains, and information and admissions offices should be accessible. Elevators should be observed for door width and Braille or raised numbers. Switches and controls for light, heat, ventilation, fire alarms, and other essentials should be installed at an appropriate height for mobility impaired individuals.
- 15.** Section 504 of the Rehabilitation Act of 1973 requires that a recipient of federal financial assistance conduct a self-evaluation to identify any accessibility barriers. Self-evaluation is a four-step process:
 - a. Evaluate, with the assistance of disabled individual(s)/organization(s), current policies and practices that do not or may not comply with Section 504;
 - b. Modify policies and practices that do not meet Section 504 requirements.
 - c. Take remedial steps to eliminate the effects of any discrimination that resulted from adherence to these policies and practices; and
 - d. Maintain self-evaluation on file, including a list of the interested persons consulted, a description of areas examined, and any problems identified, and a description of any modifications made and of any remedial steps taken 45 CFR § 84.6. (This checklist may be used to satisfy this requirement if these four steps have been followed).
- 16.** Programs or facilities that employ 15 or more persons shall adopt grievance procedures that incorporate appropriate due process standards and that provide for the prompt and equitable resolution of complaints alleging any action prohibited by 45 CFR § 84.7(b).
- 17.** Programs or facilities that employ 15 or more persons shall designate at least one person to coordinate its efforts to comply with 45 CFR § 84.7(a).

Methods of initial and continuing notification may include the posting of notices, publication in newspapers and magazines, placement of notices in publications of the programs or facilities, and distribution of memoranda or other written communications. 45 CFR § 84.8(a).
- 19.** Programs or facilities that employ 15 or more persons shall provide appropriate auxiliary aids to persons with impaired sensory, manual, or speaking skills where necessary to afford such persons an equal opportunity to benefit from the service in question. Auxiliary aids may include, but are not limited to, brailled and taped materials, interpreters, and other aids for persons with impaired hearing or vision. 45 CFR § 84.52(d).
- 20.** Programs or facilities with 50 or more employees and \$50,000.00 in federal contracts must develop, implement, and maintain a written affirmative action compliance program in accordance with Executive Order 11246, 41 CFR Part 60 and Title VI of the Civil Rights Act of 1964, as amended.
